## What fees are investors charged?

Investors in the Lifestages Corporate Bond Portfolio are charged fund charges. In the year to 31 March 2022 these were:

	% of net asset value
<b>Total fund charges (estimated)<sup>3</sup></b>	<b>1.52%</b>

<b>Total performance-based fees</b>	<b>0.00%</b>
<b>Other Charges</b>

<b>Other charges</b>	<b>\$0.00</b>

The percentage shown for the 'Other management and administration charges' includes an estimate of the fees and expenses incurred in the underlying funds in which the fund invests.

Investors may also be charged individual action fees for specific actions or decisions (for example, for withdrawing from or switching funds). See the 'Other Material Information' document for the Lifestages KiwiSaver Scheme on the offer register ([www.disclose-register.companiesoffice.govt.nz](http://www.disclose-register.companiesoffice.govt.nz)) for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

## Example of how this applies to an investor

## Notes

- <sup>1</sup> Prior to 31 October 2011 the Corporate Bond Portfolio was known as the Mortgage Distributing Portfolio. Therefore the returns disclosed up to 31 October 2011 reflect those of the Mortgage Distributing Portfolio.
- <sup>2</sup> Note that market indices reflect no deduction for charges and tax.
- <sup>3</sup> Includes GST.
- <sup>4</sup> This covers expenses incurred in running the fund (e.g. accounting, audit, and regulatory compliance costs). This also covers the Supervisor's annual fee (for the services it provides) and an estimate of fees and expenses incurred by the underlying funds. Our estimates are made on the basis of reasonable assumptions about the ongoing level of fees and costs expected to be charged (taking into account the actual fees and costs as a percentage of average net asset value that were charged for the most recent scheme year). These fees are deducted from, and reflected in the unit price of the fund.

The Fund, as at the date of publication, is currently 'Closed for applications'.
